COURSE OVERVIEW

The 7 Principles of Purpose is a self-paced micro-learning course designed to help you understand the foundational truths that govern the discovery and fulfillment of purpose.

Purpose is one of the most powerful forces in life. It gives meaning to our existence and direction to our actions. Without purpose, people drift. With purpose, life begins to make sense.

In this course, you will explore seven purpose principles taught through the legacy of Dr. Myles Munroe. These principles are not simply ideas or opinions. They are laws that reveal how purpose works, why it must be discovered, and how it leads to fulfillment.

This course will help you understand that your life is not random. You were created intentionally, and your purpose is already built into your design.
